### **Interton - Essential Hearing**

Founded in Germany in 1962, Interton today is part of one of the world's largest hearing instrument organizations, the GN Group. We use their proven core technology in a way that falls in line with our own way of doing things. We believe that most people need a straight-forward, functional and easy-to-use hearing solution at a fair price. So that's what we give them.

# CHOOSE POWER

## Make an impact on your life

Interton Gain™ is a super-power digital hearing aid that gives you all the power you need to hear speech and the sounds around you, even in noisy environments. Excellent feedback cancellation technologies lets you concentrate on your conversation, and not on annoying whistling.

### YES TO POWER, NO TO FEEDBACK

With amplification of up to 86 dB, this powerful hearing aid will help you enjoy hearing with superior sound quality and listening comfort. The excellent feedback management system protects your ears from uncomfortable whistling while the directionality options make it easier for you to understand speech in noisy situations.

Excellent technologies also let you hear high frequency sounds such as birds or voices of children more easily. Interton Gain™ helps you enjoy a richer, fuller, hearing experience.

### STANDS UP TO LIFE

The strong, robust housing is built to withstand tough use. Interton Gain™ is treated with Nano Coating too, protecting both the outer shell and all electronics inside from moisture. With this tough, durable hearing aid you'll enjoy years of worry-free wear in all conditions, no matter what you're doing.

### AS EASY AS IT GETS

Simple and easy to use, Interton Gain™ has a volume control with numeric indicator and push button operation for changing settings easily. This intuitive super-power hearing aid is also designed to give you all-day wearing comfort.
